PACT ARCANUM SERIES

# NEWSLETTER #4

## THE ROAD AHEAD

*Cathedral of the Sky*, the latest book in the Pact Arcanum Saga, effectively ends the story of the Armistice and its heroes.

But history is written by the victors, and the Children of Darkness have their own story to tell. *The Red Wind* is the Nightwalker's tale, from Luscian's crafting of the Pact Arcanum and his bargain with the lower planes, to the final days of the Court of Shadows and what followed after.

There is one more journey left to take, to walk in the footsteps of eternity and witness the price of victory from the other side.

*Forthcoming. Further details to be announced.*

*Respectfully,  
Arshad Ahsanuddin*
